

# LOOP WALKS

*Spend time  
in nature*

One of the wonderful benefits of living in Lane Cove is being close to bushland. The Lane Cove Loop Walks are an opportunity to spend time in these peaceful bushland areas of Lane Cove. A total of four loop walks of 15km, 4km, 3km and 2km allow residents and visitors of varying ages and abilities to access and enjoy the bushland of Lane Cove.

The walks are easy to medium in their degree of difficulty with most being on unpaved surfaces (apart from boardwalks and residential streets). Closed-in walking shoes with a good tread are recommended, as most of the walking will be through bushland.

## LOOP WALKS

**Look for the Loop Walks  
symbol on footpaths and  
track posts to help guide you.**

### Lane Cove Loop Walk

The main loop walk is 15km long, linking several bushland reserves and parks for you to explore. The walk starts at Greenwich Park on Lane Cove River, taking you along the water's edge to Shell Park and then along a few residential streets to Gore Creek Reserve.

From Gore Creek, the walk continues up through the reserve, eventually leading you west to Warraroon Reserve and Tambourine Bay Park. From the bay, the loop walk continues west to Burns Bay, where it heads north through Lovetts Reserve along the Lane Cove River to Blackman Park in Lane Cove West. The loop walk continues north along the Ventemans Track towards Lane Cove North. It then goes under Epping Road to Batten Reserve and Stringybark Creek along the Harry Howard Bushwalk to Stringybark Reserve.

From Stringybark Reserve, you will journey along tree-lined residential streets in Lane Cove North to Epping Road. The loop walk then continues south along residential streets to the beautiful Lane Cove Bushland Park, eventually leading back to Gore Creek Reserve.

### Shorter Distance Loop Walks

Along with the 15km loop walk, there are three smaller loop walks of 2km, 3km and 4km. This gives residents and visitors an opportunity to enjoy some of Lane Cove's bushland areas in a shorter period of time and to their fitness level.

### Riverview Loop Walk

The 4km loop walk is in Riverview taking in Warraroon Reserve, Tambourine Bay Park, Burns Bay Reserve and Tennyson Park. This is a beautiful walk with a couple of opportunities to stop at either Tambourine Bay or Burns Bay to enjoy the views of Lane Cove River.

### Gore Creek Valley Loop Walk

The 2km loop walk is in Gore Creek Valley travelling through Lane Cove Bushland Park, a jewel in the bushland crown of Lane Cove. If a visitor to the area and arriving by public transport, the walk can be accessed from the Pacific Highway through Ronald Park.

### Lane Cove West Loop Walk

The 3km loop walk is in Lane Cove West through Blackman Park, along Lane Cove River at Ventemans Reach to Yangoora Bushland Reserve and back along a few tree-lined residential streets to Blackman Park. On the Ventemans Track, look for signage to learn about local native birds and mammals that call the area home.
